

As directed from the NSW Government, for the health and safety of all our wonderful customers and staff, C&M Aquatic Centre will close from 12 noon today.

We take this opportunity to thank you for your patience and loyal support during this time and we wish you and your families all the very best throughout the times ahead.

As a family owned and run business, we have been providing swimming lessons for the past 25 years and will continue to do so when we re-open. We have tried to stay open as long as we could until we were advised to close.

We have a wonderful team of teachers who are dedicated in teaching your children the skills of swimming. Some of our teachers are students that have been taught by us in the past. We will be communicating via email, Facebook and Instagram throughout the closure to keep you updated.

We wish you all to remain safe and healthy during these trying times and look forward to seeing you all return when we re-open.

C & M Aquatic Centre will be back and will be better than ever!

Kind Regards,

C&M Aquatic Centre
